

DESIGN GUIDE FOR WINDOW AND SLIDING DOOR GRILLE

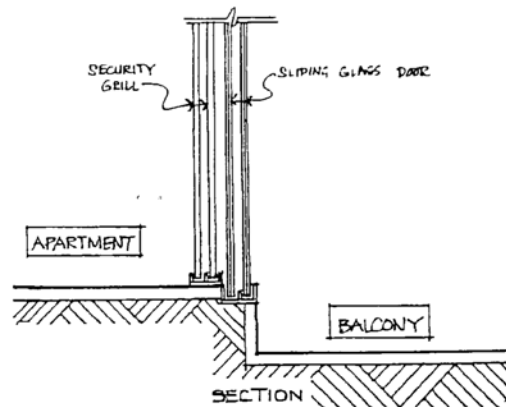

Suggested Grille Designs For Main and Service Doors

Guideline and Design for the installation of Grille for Glass Sliding Doors at Balcony

Design : Japanese Square
Color : Black

SLIDING GRILLE MAYBE INSTALLED ON EITHER SIDE OF THE GLASS SLIDING DOOR

For the purpose of safety, resident/s are allowed to install grille on top of the railing of the balcony. The height of the grille shall not be more than 50cm (measured from the top of the railing). Color of the grille shall be black.

Full height grilles or windows erected to enclose the balcony is not permitted for aesthetic reason, which will affect the appearance of the building. Drawing / sketch of the proposed grille must be submitted to the Management Office for prior approval.
